**Step 4:**

You will see a list of six sections for you to complete for your application. Given below is a list with brief descriptions of what each section requires:

- *Primary (Personal Detail)* – This section is where you will enter details such as your name, contact details, gender, and nationality. These details are separate from your website profile and **can not** be edited after the application has been submitted. In this section you will also be required to upload a colour image of the photo page of your passport.
- *Application Eligibility* – This section has two tick-boxes to complete regarding your eligibility for the GOI-IES scholarship.
- *Details of Offer* – This section is where you will enter the details of the course and higher education institution in which you have been offered to study. This section must be supported by relevant documentation uploaded to the form.
- *Academic/Work History* – This section is where you will list your previous academic qualifications, as well as any prior work experience, awards, or completed projects which may be relevant to your scholarship application.
- *Personal Statements and Referees* – This section is where you will enter the details of referees for your scholarship application. You will also be required to write brief explanations of why you are applying to the GOI-IES scholarship and what your goals are in becoming a GOI-IES scholar.
- *Declarations and Signature of Applicant* – In this section you will be asked to confirm that you agree to the relevant terms and conditions associated with applying for the GOI-IES scholarship, and that the information you have provided in your application is accurate.

Just as with your 'Profile', you can use the 'eye' and 'pencil' buttons (which will appear on the right side of each section in the list) to either preview or make edits to that specific part of the

application. **Please note that once the application is submitted, you will no longer be able to edit these six sections**, although you can still use the 'eye' button to view them.
